

Mr. Chad Myers
Myers Plumbing & Heating, Inc.
16825 Industrial Parkway
Lansing, MI 48906

Mr. Chad Myers:

Myers Plumbing has provided quality, efficient and cost effective service to the Capital Area District Library over the last couple of years. The technicians are extremely qualified, respectful and willing to listen to the client in order to solve difficult problems, especially in a building that is over 40 years old.

Myers plumbing has responded immediately to emergency situations and the technicians have been available to work after normal business hours to provide plumbing repairs.

I feel that Myers Plumbing is one of the premier plumbing and heating contractors in the area and should be commended on their hard work and dedication to their clients.

Sincerely,

Steven Jackson
Facilities Supervisor
Capital Area District Library
